The beginning. The installation

Aarambha

The 3rd installation ceremony of our club was held on 9th July. The outgoing president handed over the club responsibility to the incoming president.

The President introduced her new board members and the theme for the year, A Journey of Passion. DRR Rtr. Rtn. Arun Teja Godavarthi inducted the new members to the club.

The event was graced by District YSD, Rtn. Prasanna Hegde, Rotary Bangalore JP Nagar President, YSD and members, Limitless leaders and club members, and leaders from District 3192 and Mysore. The event was followed by dinner.

Ice-breaking session with our members

One Word

Our first club service activity aimed at breaking some ice and helping all the members make new friends!

The members were given a partner and they had to get in touch with each other and come up with one word to describe them. The words were put up on sticky notes on a jamboard online. It was fun to see all the members come up with a description for their friends :)

Orientation

On 30th July, we conducted an orientation session for our members. The session was led by PP Rtr. Rtn. Amogh Simha and Rtr. Monisha Chinthala, who provided comprehensive insights of Rotaract and motivated all attendees. The session was followed by fun club service activity.

An adventurous activity to the mountains

Trick Or Trek?

On the 13th of August, our group of adventurous members set about on a memorable trek to Ramadevara Betta.

Filled with excitement, we began our journey from the base, hiking through the beautiful trails and views along the way. Some of us even ventured through small tunnels, capturing moments and enjoying the scenery.

The view from the peak was very beautiful, we took a scenic break before heading back to the base. To wrap up our day, we enjoyed a delightful lunch hosted at our members' home. This trek was a memorable experience for all of us :)

An artistic team outing

Palette Party

On October 1st, our Club Service Team organized an entertaining drawing and painting session for our members called the "Palette Party" at Cubbon Park. Members were grouped into teams, each with its unique theme, and they had a set amount of time to showcase their creativity. The results were remarkable – from depictions of aliens in spaceships to a vision of Rotaract in the future, and even the invention of entirely new animals. The imagination and creativity of our artists truly shone during this event! The teams came up with beautiful paintings, and the winners were rewarded with delicious prizes. Following the project, we held a General Body Meeting, and it was a delightful and fun-filled experience for all of us! :)

An Evening with lively festivities, delicious snacks,
and picturesque moments and warm memories.

Kadlekai Parshe

A delightful evening for our members at Kadlekai Parshe, an annual groundnut fair in Bengaluru. Amidst the vibrant chaos of the lively crowd, we reveled in a joyous cruise, singing, laughing, and indulging in delectable snacks that adorned our journey.

The fairgrounds dazzled with enchanting lights, creating a picturesque backdrop for our high-quality memories, even though the pictures may be a bit blurry. Truly, it was an unparalleled experience that left us with a warm and fuzzy feeling. .

The event was an absolute blast! We were treated to a delightful showcase of our team members' lives and passions through a colorful array of photos. Each snapshot revealed a unique story, from heartwarming family portraits to pet adventures and snapshots of thrilling hobbies. Laughter filled the virtual room as we tried to guess whose picture was whose, with hints ranging from quirky anecdotes to insider jokes. It was a heartening experience to see the diverse interests and accomplishments of our fellow team members, strengthening our bonds and fostering a sense of camaraderie. The event truly encapsulated the spirit of our community – inclusive, fun-loving, and full of surprises. Adopting a wild cat - Gopal

Spots of Love

TIGER UPDATE: GOPAL

Amidst the lush greens of the Bannerghatta Biological Park in Karnataka lies the Bannerghatta Tiger Sanctuary. This sanctuary has been home to a majestic Royal Bengal tiger, Gopal. Gopal, our approximately 16 years old tiger, was a victim of human-wildlife conflict. A collaborative effort by Born Free Foundation and Wildlife SOS led to his rescue, and provided him with the safety he required.

It has been nearly a decade since Gopal has been under our care. He has a vast forested enclosure to himself, with two large fields, namely, day *kraal* and night *kraal*. Despite being advanced in age, Gopal is a healthy and active tiger. Since he is under geriatric care, the veterinarians have supplemented his diet with probiotics and multivitamins to ensure that his health remains sound. Gopal spends much of his time in the day *kraal* and only comes to the night *kraal* for feeding, medical examinations and procedures, for his wellness.

These examinations include taking his temperature, inspecting his body and coat for evidence of wounds, illnesses, ticks, or other ectoparasites, and analysing his dropping (stool) for parasites. Laboratory tests are performed at regular intervals to monitor his health. Gopal also receives immunisations to protect him from viral diseases. Recently, he also underwent a routine blood check-up, and the tests came back with optimum results.

Gopal was already 6 years old when he was rescued as a wild tiger, and this is why he retains a lot of his natural instincts. He remains wary of human presence, and much like his wild cousins, he is solitary by nature. Gopal usually hides deep within the dense greenery or between the large rocks found in his enclosure. These inherent traits allow him to escape easy sightings by humans. Gopal's spacious enclosure has been specially designed to accommodate his needs. It consists of a lot of trees and bushes to give it a natural appearance, and plenty of hiding spaces for him to relax in. Gopal also has a pool within his enclosure where he glides into and spends a long while in it.

Over the years, Gopal has accommodated himself in the surroundings that are not only akin to the wild, but are also safe from threats like poaching or conflict. On behalf of Gopal and Wildlife SOS, we would like to extend our heartfelt gratitude to you for helping us provide this tiger with the best possible care.

- In the day of National Wildlife Week, we were happy to have our newest family member-a majestic Royal Bengal Tiger adopted through our Wildlife Conservation Project, "Spots of Love". Rescued at six, Gopal now calls Wildlife SOS home, thriving with specialized geriatric care.
- Despite his age, Gopal is a playful spirit who loves splashing in the water. This year, with Rotary's support, we're committed to ensuring Gopal's happiness by covering his dietary, medical, and enrichment needs. Here's to a special year of well-being for our dear friend Gopal!

Each member shared heartfelt reasons for their love of Rotaract, emphasizing the impactful experiences and valuable lessons they've gained through their involvement. From community service initiatives to fostering lifelong friendships, the video highlighted the club's commitment to making a positive difference in both local and global communities.
